CALL

PAYMENT POLICY: All orders must have a completed write-up complete with address, phone, Email, completed order info and payment info. If you do not wish to supply payment info with the order please call us with that info so we can include it with your package. Film that comes without payment info will sit until we receive it. These orders will not be run 1st. Payment info must accompany all orders or your film will not be run.

OTHER CHARGES: 1~2 day turn time – 1-6 rolls **25%-rush.** (Stated Professional – NO rush charges)
ORDERS 7~14 rolls **10% rush** / **ORDERS** 15+ rolls NO rush fees

TURN TIMES: Since our production changes in April of '08, we no longer run film as it comes in. Orders are ganged up. While this has greatly lengthened our turn time, it has significantly increased the stability of our processing. Turn around times will vary during the year. [This was a cost savings measure and the alternative was to raise processing rates.] Rush service will always be available. NOTE: If you require your film on a particular day, rush charges may apply, Please call. Quality will always be our #1 priority, It will always take precedence over turn time, without exception. We take absolutely no pleasure in holding orders. If a delay occurs with your order please understand that it is for one of the above reasons. If you require your film sooner, please request rush service.

SHIPPING:  dr5-lab only charges what it costs us to get it back to you.

USPS

Set price shipping is for POSTAL PRIORITY ONLY for orders weighing 1lb. or less. This is up to 2-35mm rolls mounted or up to 20-rolls unmounted-35mm & 120/220 or up to 50 4x5 sheets. (rate-increase 1/10) **\$5.75**
Due to the recent USPS increases, only 1-lb packages can be quoted. Go to USPS.com for price quotes.

FEDEX

We can not pre-set shipping costs for FEDEX ground, 3-day, 2-day or express shipping. There are too many variables with this shipping option. If you find it necessary to know the return ship cost before you send in your film you will have to give us a call or go the FEDEX.com for a price quote.

INTERNATIONAL ORDERS: If you can afford it, please request 'tracked' shipping.

Unless requested, International orders are returned by USPS GLOBAL PRIORITY or EXPRESS. This is the most cost effective form of shipping. EXPRESS ship is the most cost effective tracked shipping. Ship discounts apply to International orders as well. Go to USPS.com for International shipping fees.

SHIPPING DISCOUNTS:

If you send in 20+ rolls per order, we will pay for the return shipping. 40+ rolls will include ALL shipping. CALL.
